

Pure Depth. Pure Results. That's PureSafety.

**PureSafety**<sup>®</sup>

## Pure Depth – and Pure Results

PureSafety's industry-leading library includes over 450 engaging, interactive online courses covering all aspects of Environmental, Health & Safety (EHS) training, Human Resources (HR) compliance, and more! Most courses are available in multiple languages and new titles are being added all the time to meet your ever-changing training needs.

PureSafety courses include intuitive navigation, high-resolution graphics and up-to-date information to create the ultimate learning experience.

Our in-house course development experts follow sound instructional design and adult learning methodology, putting more than 400 hours into each course to ensure a high-quality, highly effective learning experience that delivers results for you. Our EHS suite empowers you to change behaviors, prevent injuries and, most importantly, save lives. Our HR suite empowers you to improve workforce performance and reduce exposure to employment and labor law claims.

Our latest generation of courseware improves employee learning and retention through rich multimedia features including:

- Intuitive course navigation and bookmarking
- High-quality course narration, music and text
- Superior high-resolution graphics, 3D animation and illustrations
- Challenging learning activities, brainteasers and post-tests designed to reinforce and evaluate employee knowledge

## Pure Ownership

No two companies' training programs are the same, so PureSafety provides two convenient options to customize everything you see and hear, including corporate branding and colors; photos/illustrations; slide text; course narration; language; learning activities and brainteasers.

### Use Our Self-Service Content Editing System (CES)

Our powerful, web-based CES allows you to efficiently customize, manage and deploy our Flash-based courses in a fraction of the time required by traditional development environments.

### Leverage Our In-House Content Development & Customization Services

PureSafety's in-house Content Development Team is one of the most tenured in the industry. This experience has allowed us to develop a proven process for creating high quality, results driven training courses.

Every PureSafety course includes engaging learning activities and brainteasers designed to reinforce employee knowledge of the subject matter.

## AICC and SCORM Compliant

Every PureSafety course is AICC certified and SCORM 1.2 compliant, allowing for easy integration and delivery on the learning management or enterprise software solution of your choice.

Authorized Provider to Award IACET Continuing Education Units (CEUs)

## Environmental, Health and Safety Library

### OSHA ESSENTIALS / GENERAL SAFETY

Access to Medical Records\* ‡

Accident Investigation and Root Cause Analysis\*

Aerial Lifts\*

Ammonia Awareness

Arsenic Awareness

Asbestos Awareness (4 Parts)\*

Basic Rigging Principles (2 Parts)

Battery and Charger Safety

Benzene Safety

Bloodborne Pathogens\* ‡

Chlorine Awareness

Cleaning Up Small Chemical Spills

Compressed Gas Cylinder Safety

Confined Spaces

- Confined Space Hazards\*
- Permit Required

Contractor Safety

CPR/AED

Egress and Emergency Action Plans\*

Electrical Hazards NFPA 70E

- Electrical Hazards NFPA 70E (Overview)\* ‡
- Electrical Safety - Intro to NFPA 70E, 600 Volts or Greater
- Electrical Safety - Intro to NFPA 70E, 600 Volts or Less

Electrical Safety & Lockout/Tagout

Ergonomics

- Industrial\*
- Office\* ‡

Fall Protection\*

Fall Protection for Mobile Equipment

Fire Extinguisher Safety\* ‡

Fire Prevention and Safety\*

First Aid

- Basics\*
- Medical Emergencies\*

Flammable and Combustible Liquids

Formaldehyde Safety

Guarding Floor, Wall Openings and Holes\*

Hand and Power Tool Safety\*

Hand, Wrist and Finger Safety\* ‡

Hazard Communication\* ‡

HAZWOPER Refresher Training (13 Parts)

Hearing Conservation\*

Heat Stress\*

Housekeeping On The Job

Hydrogen Sulfide Safety (2 Parts)

Injury and Illness Prevention Program (IIPP)

Introduction to Industrial Hygiene\*

Introduction to OSHA for General Industry

Ionizing Radiation

Ladder Safety\*

Laser Safety

Lead Poisoning Awareness

Lockout/Tagout\* ‡

Machine Guarding\* ‡

Materials Handling and Storing\* ‡

Office Safety

OSHA 300 Recordkeeping

OSHA 10-Hour for General Industry

Overhead and Gantry Crane Safety\*

Personal Protective Equipment Overview

Personal Protective Equipment (PPE)

(10 Parts)

- Overview\* ‡
- Head Protection\* ‡
- Eye and Face Protection\* ‡
- Hand and Arm Protection\* ‡
- Body Protection\* ‡
- Foot and Leg Protection\* ‡
- Hearing Protection\* ‡
- Respirators\* ‡
- Electricity\* ‡
- Levels of Protection and Protective Gear\* ‡

Powered Industrial Trucks (4 Parts)

- Introduction to Pre-Operation Procedures\*
- Pre-Operations Inspection and Maintenance\*
- Operating a Truck\*
- Workplace Safety—Handling Loads\*

Preventing Back Injury\* ‡

Preventing Cuts and Puncture Wounds

Preventing Slips, Trips and Falls\* ‡

Process Safety Management - Food Industry

Radiofrequency (RF) Training

Respiratory Protection\*

Respiratory Protection Program Administration (RPPA) (4 Parts)

Safety Orientation\*

Scaffolding\*

Spill Prevention, Control and Countermeasures (SPCC)

Spray Finishing

Storm Water Pollution Prevention\* ‡

Walking/Working Surfaces\*

Warehouse Worker Safety

Workplace Hazardous Materials Information Systems (WHMIS)

Workplace Violence Prevention

- General\*
- Health Care and Social Workers
- Late-Night Retail Establishments

### CONSTRUCTION, MINING AND HEAVY EQUIPMENT

Aerial Lifts for Construction\*

Basic Rigging for Construction\*

Blocking and Cribbing for Heavy Equipment\*

Concrete and Masonry for Construction\*

Confined Space Hazards for Construction\*

Contractor Safety

Crane Hand Signaling (2 Parts)\*

Crane Operator Safety for Construction\*

Electrical Safety & Lockout/Tagout for Construction\*

\* Course available in Spanish

‡ Also available in French, German, Italian and Mandarin Chinese

Excavation & Trenching Safety for Construction\*

Fall Protection for Construction\*

Fall Protection for Mobile Equipment

Fire Extinguisher Safety for Construction\*

Guarding Floor, Wall Openings and Holes\*

Hand and Power Tool Safety for Construction\*

Hand, Wrist and Finger Safety Around Heavy Equipment

HazCom for Construction\*

Health Hazards in Construction\*

Hydraulic Lock Valve Accident Prevention for Heavy Equipment

Introduction to OSHA for Construction

Ladder Safety for Construction\*

Load Securement and Distribution for Heavy Equipment

Materials Handling & Storing for Construction\*

Material Handling Safety Around Heavy Equipment

New Construction Worker Orientation\*

OSHA 10-Hour for Construction

Personal Protective Equipment for Construction\*

Personal Protective Equipment (PPE) for Heavy Equipment

Personal Protective Equipment Overview

Preventing Strains & Back Injuries Around Heavy Equipment

Scaffolding for Construction\*

Welding, Cutting & Brazing for Construction\*

Work Zone Safety\*

## DRIVER SAFETY

15 Passenger Van Safety

Avoiding Rear-End Collisions

- Large Construction Vehicles
- Light Commercial Vehicles\*

Changing Lanes

- Large Vehicles\*
- Light Commercial Vehicles\*

Defensive Driving—Small Vehicles\*

Defensive Driving—Large Vehicles

Delivery Driver Safety

Distracted Driver

DOT Driver Compliance

Extreme Driving Conditions\*

Fleet Safety\*

Hazards of Speeding

- Large Vehicles\*
- Light Commercial Vehicles\*

Road Rage\*

Safe Backing and Turning\*

Stop Signs and Signals

- Large Vehicles\*
- Light Commercial Vehicles\*

Tailgating

- Large Vehicles\*
- Light Commercial Vehicles\*

The 3 Dimensions of Safe Driving

- Large Vehicles\*
- Small Vehicles\*

Towing Trailers

## EMERGENCY PREPAREDNESS

Domestic Preparedness

- Overview
- Biological Terrorism

Egress and Emergency Action Plans\*

## ENVIRONMENTAL

Environmental Awareness (3 Parts)

Environmental Overview

Hazardous Waste Operations and Emergency Response (HAZWOPER) Refresher Training (13 Parts)

- Scope, Application and Training Requirements
- Environmental Issues for HAZWOPER
- Hazard Communications: Your Right to Know
- Hazard and Risk Assessment Techniques
- Toxicology
- Monitoring and Medical Surveillance
- Respiratory Protection
- Personal Protective Equipment
- Confined Spaces
- Spill Prevention
- Site Control
- Decontamination
- Emergency Response

Resource Conservation Recovery Act (RCRA) (2 Parts)\*

Spill Prevention, Control and Countermeasures (SPCC)\*

Spray Finishing\*

Storm Water Pollution Prevention\* †

## ERGONOMICS

Ergonomics for Heavy Equipment\*

Industrial Ergonomics\*

Office Ergonomics\* †

## FOOD SERVICE AND DISTRIBUTION SAFETY

Ammonia

Delivery Driver Safety

Delivery Procedure

HACCP Overview

HACCP (7 Parts)

- Hazard Analysis
- Critical Control Points
- Critical Limits
- Monitoring Procedures
- Corrective Actions
- Verification Procedures
- Recordkeeping and Documentation Procedures

\* Course available in [Spanish](#)

† Also available in [French](#), [German](#), [Italian](#) and [Mandarin Chinese](#)

Process Safety Management - Food Industry

Replenishing and Loading

Sanitation

**HEALTH AND WELLNESS**

Diet and Exercise

Drug and Alcohol Awareness

Living a Less Stressful Life

Tobacco and Smoking Awareness

**LABORATORY SAFETY**

Biohazard (2 Parts)\*

Biosafety - Hazardous Waste Safe Handling and Disposal

Cleanrooms

Lab Safety

Radiation

**SEMICONDUCTOR SAFETY**

Semiconductor Chemical Safety (2 Parts)

Semiconductor Electrical Safety Awareness

Semiconductor Environmental, Health and Safety at Work

Semiconductor Ergonomics for Maintenance and Service

Semiconductor Fabrication Worker Safety

Semiconductor Hazardous Energy

**SUPERVISORY SAFETY**

Effective Supervision\*

Reasonable Suspicion Training for Alcohol and Substance Abuse\*

Safety and You\*

**TELECOMMUNICATIONS SAFETY**

Battery Safety for Telecommunications

Fall Prevention and Protection

Radiofrequency (RF) Training

**TRANSPORTATION SAFETY**

15 Passenger Van Safety

Defensive Driving—Small Vehicles

DOT Driver Compliance

Hazardous Materials Transportation (11 Parts)

- Introduction to HazMat Transportation
- The Hazardous Materials Table
- Shipping Papers
- Packaging
- Marking and Labeling
- Placarding
- Carrier Requirements — Highway
- Carrier Requirements — Air (IATA)
- Carrier Requirements — Rail
- Carrier Requirements — Vessel (IMDG)
- Security Awareness

Infectious Materials Transporting

Load Securement and Distribution\*

Reasonable Suspicion Training for Alcohol and Substance Abuse\*

**UNIVERSITY / STUDENT SAFETY**

Alcohol Awareness

Campus Safety & Security

Fire Safety

**Human Resources Library**

**DRUG & ALCOHOL POLICIES**

Drug-Free Workplace

- Employees\*
- Managers and Supervisors

Reasonable Suspicion Training for Alcohol and Substance Abuse\*

**EMPLOYMENT LIABILITY**

Access to Medical & Exposure Records\*

Code of Conduct

Diversity-Valuing Differences

- Employees
- Managers and Supervisors\*

People with Disabilities and Work

- Employees
- Managers and Supervisors

Preventing Workplace Harassment—Respect in the Workplace

- Employees
- Managers and Supervisors

Racial Harassment

Sexual Harassment (2 Parts) (California AB1825)\*

Workplace Violence Prevention

- General\*
- Health Care and Social Workers
- Late-Night Retail Establishments

**GENERAL HUMAN RESOURCES**

Behavioral Interviewing

Conducting Performance Reviews

Conflict Management

- Employees
- Managers and Supervisors

Effective Supervision\*

Family Medical Leave Act (FMLA)

Health Insurance Portability and Accountability Act (HIPAA) Overview

Managing Stress

- Employees
- Managers and Supervisors

Organizational Change

OSHA 300 Recordkeeping

Safety and You\*

Team Structure and Function

- Management Principles\*
- Teambuilding Foundations

Workplace Violence Prevention\*
